

The "2026 Career Day" program, organized in collaboration between Aksaray University and the Aksaray Provincial Directorate of the Turkish Employment Agency (İŞKUR), and attended by Aksaray Governor Murat Duru, was held on May 13, 2026, at 2:00 PM in the ASÜ Conference Hall.

The program aimed to contribute to students' career planning processes, strengthen interaction between the business world and the university, and support their professional development. Information was provided on public institutions and employment policies.

Students from participating departments successfully completed the training and received their certificates. The event was considered a productive organization in terms of increasing students' career awareness and providing them with information about employment opportunities.
